
MED'03 CD-ROM

Usage & Information

CD-ROM Usage

This CDROM is browsed beginning from the 'begin.pdf' file in the root directory of the CDROM. The options in this file are self explainable. All these files require *Adobe® Acrobat® Reader® 5.1* or later to be viewed. If you do not have this program installed n your system you may install it from 'acrobat_reader' directory in the CDROM or download it from <http://www.adobe.com>. For the *Adobe® Acrobat® Reader®* the user **must** read the license agreement. The CDROM copy of this program's installers are downloaded from the company's web site according to the CDROM distribution license agreement.

CD-ROM Contents

This CDROM contains the papers presented at the 11th Mediterranean Conference on Control and Automation, that will take place from 18 to 20 June, 2003 in Rhodes island, Greece. It also contains a number of features that will help you exploit those papers in the best possible way:

- Welcome messages.
- Other MCA information.
- The organizing and program committees.
- Invited keynote speakers abstracts and CVs.
- Papers' index by author.
- Papers' index by session.
- Timetable of the sessions.
- Full searchable index of the papers.
- All the above linked together for faster navigation.
- User-friendly interface.

All those facilities are provided in the best layout possible. Our gnomon was the users wishes and our experience from our past work.

CD-ROM Navigation

The CDROM content has some standard features that come on most pages, such as:

- *Main Menu* bookmark: Which leads to the main CDROM “cover” page.
- *Printable Version* bookmark: Which leads to the same file but without the artistic look. Consequently, printing will be faster, it won't waste toner/ink and with increased contrast.
- *Normal Version* bookmark: Which leads to the original version with the artistic background.
- *Print this File* bookmark: That opens the Print dialog for you in order to print the entire file or a part of it.

The papers that were not loaded in time are linked to page that informs you of this fact. If you click the text below that message you can return to the point that you were before this page was displayed.

CD-ROM Creator

This CDROM was created by Panayiotis Pavlou using personal and NTUA facilities provided kindly by the Publications Chair.

The CDROM is created in May 2003 and printed in 1.000 copies.

For any info or problems you can contact the Conference's Committees or Panayiotis Pavlou via e-mail at the following address: pvp@mycosmos.gr.

Enjoy the Conference and the beautiful island of Rhodes...
